

Energy Efficiency

INSTALLATION

Let the energy savings begin.

Pave the path to an energy-efficient future by making prompt and proper installation easy for you and your customers. We draw on decades of expertise in energy efficiency, as well as our deep-rooted local connections all over the country, to deliver the best installation experience in the industry.

We install lasting change.

Making the shift to energy-efficient equipment that reduces carbon emissions may be a big step, but that shouldn't make it complicated. Our team simplifies the process with solutions delivered right to customers' doors and installation however they want it.

1 Energy specialists

Our energy specialists cover all aspects of energy efficiency installations for homes, businesses and any other facility that's ready to use less energy.

2 Virtual assistance

With virtual guidance from friendly energy professionals, your customers can feel confident that they've set up and installed their equipment to save energy properly.

3 Trade ally networks

Keep every aspect of your energy efficiency journey connected with locally based trade allies trained specifically on your program.

4 Partners

Our installation partners deliver the ability to always say yes. When it's necessary, we'll call for additional expertise to tackle larger, more complex installations for facilities that require an all-hands-on-deck approach to saving energy.

Our energy efficiency portfolios include:

- ✓ Residential utility customers
- ✓ Commercial and industrial facilities
- ✓ Low and moderate income
- ✓ Small businesses and government
- ✓ Midstream incentives

CLEAResult ATLAS™

Connect

Helps meet the precise needs of your customers, while keeping them on track to maximize their energy savings potential.

Insights

Leverages our expansive data framework to produce an exceptional level of customer insights and predictive operational analytics.

Marketplace

Connects customers to the common upgrades, special offers and product rebates they need to save money and energy online with ease.

Academy

Provides training resources for distributors and other participants on installation, delivery and new technologies in energy efficiency.

We change the way people use energy, *for utilities.*
