

# CLEAResult ATLAS™ | Connect

Put all your customers on the same path forward.

Leading the transition to a cleaner energy future starts by connecting people, programs and technology to a cohesive customer experience. CLEAResult ATLAS™ Connect provides customers with an integrated solution that combines connectivity and efficiency with human compassion, in order to deliver personalized pathways that create lasting, impactful changes through our unified, people-centric and cost-effective platform.

## Connect your customers to solutions that last.

Regardless of where customers are in their clean energy journey, CLEAResult ATLAS™ Connect enables utilities to meet each person or business where they are today, while creating a clear and actionable roadmap for success. It's grounded in human connections, customer choice and ongoing engagement, allowing customers the flexibility to meet changing objectives as they come.

### ① Customer-centric

Prioritize the customer experience with custom configuration, continued engagement and real-time access to data.

### ② Powered by data

Deliver results through a streamlined, easy-to-use platform featuring comprehensive residential portfolio management with integrated data solutions, real-time data analytics and reporting, ongoing project enhancements and notifications whenever there's an upgrade.

### ③ Next best actions

Making the transition to cleaner, more efficient energy means guiding your customers from one improvement to the other with ease. CLEAResult ATLAS™ Connect gives your customers personalized recommendations at every stage, to show them how to best reduce their energy use next, making each step clearer than ever.

## Here's a small sample of programs we connect today:

- ✓ In-Home and Virtual Energy Assessments
- ✓ Energy Efficiency Marketplaces
- ✓ Direct Install & Weatherization
- ✓ Heating and Cooling (HVAC)
- ✓ Residential and Small Business

- ✓ Electric Vehicles Solutions
- ✓ Financing and Validation

## Powering our six transformative practices

### Energy Efficiency

Easy ways for customers to use less energy.

### Strategic Energy Management

Holistic strategies for long-term energy savings.

### Energy Transition

Increase and scale clean energy adoption.

### Design Build

Simple solutions to complex energy challenges.

### Carbon Consulting

Create, reach and surpass environmentally sustainable goals.

### Testing and Certification

Ensure confidence in the equipment you buy.

We change the way people use energy, *for everyone.*
